# Classroom Spotlight

Our Kindergarten Class ended February with a patriotic program. The children did a great job entertaining our guests with facts and songs about Abraham Lincoln, George Washington, and our country!

In Math we are getting ready to begin subtraction. Pictured are the children with a geometry activity with solid shapes.

Our Lenten journey began with self portraits after receiving ashes on Ash Wednesday. We created a 40 piece purple chain naming someone or something different we focus our prayers on for that day. It is heartwarming to tear a piece off the chain each day. A few topics we have prayed for are: Father Poggemeyer, the homeless, and clean water for all!
