

First thing Monday morning we gathered around the flag pole to pray and remember what happened 16 years ago on September 11, 2001.

Thank you to everyone who had a part in making this year's Nathan Rosswurm Memorial Golf Scramble another great one. The total profit was \$6,167.25. Our school council members and Ted and Kay Rosswurm give A LOT of their own time to make this event what it is. This was Ed Stuart's last year heading up the event, and he did another outstanding job. I can remember Ed (and Julie) helping at school/parish events all the way back to when I was in grade school here. At the end of this school year, we'll be looking for a new council member to take Ed's position. They will be HUGE shoes to fill. It's never too early to begin to ask yourself if you are willing to commit to a position like this.

Important Dates:

- Sept. 11-15 Fall MAP testing for grades K-6
- Thur. 9/14 School Mass @ 9:15
- Fri. 9/15 2 HR Delay – Teacher In-Service
- Tues. 9/19 Staff meeting after school

- Fri. 9/29 School Mass @ 9:15

October

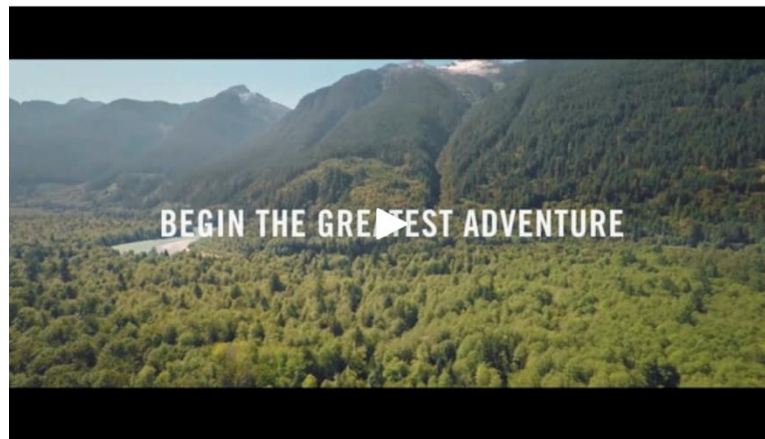

- Sun. 10/1 Alpha @ Paulding Ed Center
- Tues. 10/3 Pet Blessing @ 2:00
- Fri. 10/6 Mass and Food Pantry

Forms:

- Alpha Registration Form
- Grandparents/Special Guest Lunch Form
- Kid's Zone Form
- Introduction of EZpay

Please come to Alpha on October 1st. Just return the Alpha Registration form (that is coming home today) by Wednesday, September 27th. Send these back into the school office. Check out the preview video below. Hope to see you there!

- ❖ On Wednesday, September 27TH, we'll be having a Grandparents or Special Guest lunch at 12:00 in the gym. Please fill out the form that went home today so we can plan accordingly. The lunch menu for the day is: chicken and noodles, mashed potatoes, green beans, dinner roll with butter, and fruit.
- ❖ Wayne Trace Local School has a professional relationship with a company known as EZpay, which provides parents an on-line system to pay on student lunch accounts. This system also allows parents to view their child(ren)'s current lunch balance at all times. Look for a paper going home today that has your student's ID that you'll need to login to the account.

Classroom Spotlight

In the 1st and 2nd grade classroom, we have been hard at work getting into the routine of school. We have begun to learn about the tools that scientists use to discover things, including our five senses. In social studies, we are learning about where we are in the world, and we are currently finishing creating a map of the school building. There are many super cool math manipulatives that we will get to use this year, but since they are so cool they seem like something fun to play with. I pulled out all of the math tools, and the kids had the chance to explore and play with them. Next time we pull them out we know that our chance to play is gone and now it is time to work!
